The History On Film Reader

The History On Film Reader
The Reader is a 2008 German-American romantic drama film directed by Stephen Daldry and written by David Hare, based on the 1995 German novel of the same name by Bernhard Schlink. Ralph Fiennes and Kate Winslet star along with the young actor David Kross. It was the last film for producers Anthony Minghella and Sydney Pollack, both of whom died prior to its release.

Uchronia: The Alternate History List is a bibliography of over 3400 novels, stories, essays and other printed material involving the "what ifs" of history. The genre has a variety of names, but it is best known as alternate history. In an alternate history, one or more past events are changed and the subsequent effects on history somehow described.

Uchronia: The Alternate History List
The Reader (French: La Lectrice) is a 1988 French film directed by Michel Deville. The film won that year's Louis Delluc Prize, and was nominated for nine César Awards including Best Supporting Actor, won by Patrick Chesnais.

Alternative facts have always been with us, and they've always covered up uncomfortable truths. Here's some history you'll want to rewrite in your memory.

The newly-formed, very effective monopoly or cartel, the MPPC, was created to legally control distribution, production, and exhibition of films, with agents and detectives to enforce its rules. To limit competition from other independent companies and to protect and increase profits, it bought and pooled major patents (on movie machines such as cameras and projectors), and charged anyone (by ...
